## **INSIDE INFORMATION – POSITIVE PROFIT ALERT**

This announcement is made by Greentech Technology International Limited (“**Company**” and together with its subsidiaries, the “**Group**”) pursuant to Rule 13.09 of the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited (“**Listing Rules**”) and the Inside Information Provisions (as defined under the Listing Rules).

The board of directors of the Company (“**Board**”) wishes to inform the shareholders (“**Shareholders**”) of the Company and potential investors that, based on the preliminary assessment of the Group’s unaudited consolidated management accounts for the six months ended 30 June 2022 (“**HY2022**”) and the information available for the time being, the Board anticipates that the Group will record an increase of not less than 70% in the profit attributable to owners for HY2022, as compared to the profit attributable to owners of HK\$108,922,000 for the six months ended 30 June 2021 (“**HY2021**”). The increase is mainly attributable to an increase in tin price and sales volume as compared to HY2021, resulting in a significant increase in gross profit during this period.

The Company is still in the process of preparing and finalising the consolidated interim results of the Group for HY2022. The information contained in this announcement is only a preliminary assessment made by the Board based on the unaudited consolidated management accounts of the Group and the information currently available to the Board, which has not been audited or reviewed by the independent auditors of the Company and may be subject to change. Shareholders and potential investors should read the Group's interim results announcement for HY2022 carefully, which is expected to be published at the end of August 2022.

**Shareholders and potential investors of the Company are advised to exercise caution when dealing in the shares of the Company.**
